

MEXICO/PLAYA DEL CARMEN-YOUNGSTERS 2010

Youngsters from 15 to 17 years old

The Spanish School is opened in Playa del Carmen in 2005 and because its success we opened in a new campus with classrooms, residence, restaurant, terrace and pool in December 2008. The campus is located in downtown Playa del Carmen, just four blocks from the beach. So upon completion of their classes, students can go together to the beach to sunbathe or drink a Piña Colada while they review what was learned in class. The school has six classrooms with air conditioning and a beautiful terrace on the roof of the building which has an incredible view of Playa del Carmen. The complex also has a restaurant which serves breakfast, lunch and small snacks. Our Residence in Playa del Carmen is located in the heart of the city, minutes away from the Caribbean coast. You will stay in an air-conditioned, 3-4 bed room, with ensuite bathroom and full board. There is a great pool, Mexican style decorations and little corners to study and relax. The classrooms are also located on the residence.
